

This is a standard SFP optical module. It uses a single mode optical fiber and the speed rate can up to 155Mbps, transmission distance up to 20km.

"HVFULSWLRQ The SFP-BIDI transceivers are high performance, cost effective modules supporting data-rate of 155Mbps and 80km transmission distance with SMF. The transceiver consists of three ...

The SFP-BIDI transceivers are high performance, cost effective modules supporting data-rate of 155Mbps. The transceiver consists of three sections: SFP laser transmitter, a PIN photodiode ...

155Mbps eSFP BIDI Optical Module 155Mbps-eSFP-SM-1310nm (Tx)/1550nm (Rx)-15km-commercial  
155Mbps-eSFP-SM-1550nm (Tx)/1310nm (Rx)-15km-commercial

Our EDGEOPTIC 155M-SFP-15D is a multi-vendor compatible OC-3/STM-1 SFP dual-fiber optical module designed for SONET/SDH and Fast Ethernet applications operating over single-mode fiber ...

The optical power is launched into MMF. PECL input, internally AC-coupled and terminated. Measured with a PRBS 223-1 test pattern @155Mbps, BER

Supporting 40km transmission over single-mode fiber at 1550/1310nm wavelengths, this module provides 29 dB link budget and data rates from 100 to 155 Mbps. LC/UPC connector with 0-70°C ...

2-wire serial interface (SCL, SDA). The diagnostic information with internal calibration or external calibration all are implemented, including received power monitoring, transmitted power monitoring, ...

Models 155 provide operating capabilities unavailable from other optical sources. Among them, repetition rates to 100 MHz and precision control of amplitude and time domain.

SFP Optical Transceiver Modules 155Mbps, Find Details and Price about Fiber Optic Optical Transceiver Module from SFP Optical Transceiver Modules 155Mbps - Shanghai Sun ...

Models 155 provide operating capabilities unavailable from other optical sources. ...

The SFP-155M transceiver family are small form factor pluggable modules for bi-directional serial optical data communications such as SONET/SDH OC-3/STM-1 or Fast Ethernet.

Yesline's 155M SFP transceiver is a compact, hot-swappable optical transceiver designed for telecom and data communication networks. This high-performance optical module supports transmission ...

The OPT-155AxHxx series are 1x9 optical transceiver modules designed expressly for high-speed communication applications that require rates of up to 155Mbps. They are all compliant with the ...
