

Discover advanced silicon photonic integrated circuit (PIC) chips designed for scale-out and scale-up data center infrastructure. Migrate to the power-saving advantage at 1.6T, 3.2T and beyond.

On September 26, 2025, the U.S. Department of Commerce (Commerce) announced its preliminary affirmative determinations in the antidumping duty (AD) investigations of silicon metal from Angola ...

RTP today announced the availability of 800G silicon photonics-based solutions for 800G-DR8 and LPO optical modules.

Here, we are exploring the advantages and challenges of both LRO and LPO, and the pivotal role that silicon photonics is playing in amplifying the performance and cost benefits of both formats.

According to a recently signed memorandum of understanding (MoU) last week, they aim to explore setting up the entire solar PV industrial chain in Angola, starting from quartz ore, quartz ...

At \$12bn the Angola LNG project, built to create value from offshore gas resources, is one of the largest ever single investments in the Angolan oil and gas industry. Angola LNG provides a ...

We are uniquely positioned to provide extensive hardware and firmware interoperability testing to help our OEM partners. Eoptolink has a state of the art production facility and our RBA score was one of ...

OpenLight's unique, heterogeneously integrated, silicon photonics technology enables next-generation PASIC designs, where the passive and active elements are built into the same silicon platform.

Find company research, competitor information, contact details & financial data for NOVATRONICA - INNOVATIVE TECHNOLOGY ANGOLA of Luanda. Get the latest business insights from Dun & ...

US silicon imports of 99-99.99% Si from Angola suddenly increased to 1,096 mt in August which isn't significant until you realize only total imports were 1,192 mt for the first eight months of...
