

# Argentina DAC High-Speed Cable 400G

The Rollball flagship QSFP-DD DAC system flexibly supports everything from 400G connections down to 50G links, giving you the perfect balance of speed and compatibility for your network infrastructure.

The T1-DAC-400G QSFP DD copper direct-attach cable is suitable for very short distances (up to 3m) and are used as a cost-effective solution for establishing a 400Gbps link between QSFP ports.

The 400G QSFP-DD AOC is a high-performance module for short-range multi-channel data communication and interconnection applications. It integrates eight data channels, each capable of ...

NADDOD's 400G QSFP-DD Active Optical Cables (AOC) provide high-speed, reliable data transmission for data centers and HPC environments. Available in two configurations, they support ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

C-LIGHT 400G/800G DAC & AEC solutions deliver ultra-low latency, power-efficient, and cost-effective connectivity for AI clusters, HPC systems, and cloud data centers, supporting ...

Product description The QDD-400G-03AOC is an active optical direct attach cable with QSFP-DD connectors and has 3m length. Cable provides short distance (same shelf) inexpensive connectivity ...

Discover JTOPTICS 400G DAC Cables for seamless, high-speed data transmission in scalable network environments.

Innoptical provides high-performance 400G QSFP-DD direct attach cables for high-bandwidth connections in your data center. Experience low latency, seamless integration, and optimized ...

3M(TM) 9V4 series 400G QSFP-DD direct-attach copper cable assemblies are passive copper cable assemblies are foldable and bendable with minimal performance impact.
