

# Automated Testing of Fiber Optic Adapters

The FI-7000 FiberInspector Pro is a fiber optic inspection scope that allows you to inspect and certify fiber optic connector end-faces in 1 seconds so you can get the job done the first time.

FOC provides fiber optic test equipment to help you certify and troubleshoot fiber optic networks.

AFL has a complete range of fast, easy-to-use tools that inspect and clean fiber endfaces. Using them consistently eliminates the #1 cause of network outages - dirty connectors.

Our fiber optic termination kits, inspection tools, and cleaning supplies allow both lab and field technicians to complete reliable assembly of fiber optic systems.

Obtain color-coded PASS/FAIL results at the touch of a button and easily configure IEC profiles for inspection of many different fiber types. Optional onboard OPM and VFL provide additional testing ...

Industry's first AI-driven endface analysis for simplex, duplex and multi-fiber connectors. Delivers reliable and repeatable results with a self-contained, fully automated tool for zero-button testing all day--no ...

AFL has a complete range of fast, easy-to-use tools that inspect and clean fiber endfaces. Using them consistently eliminates the #1 cause of network outages - ...

This full function fiber inspection scope is a fully automated tool to check and analyze fiber optic connector end faces for dirt, condition, and quality as per IEC61300-3-35 requirements. Images are ...

The tools on this page are primarily used for inspecting fiber optic ends and other optics. A fiber inspection scope is used to examine the polished end of a terminated fiber.

See the Test section of the FOA Online Guide for much more detail. After fiber optic cables are installed, spliced and terminated, they must be tested. For every fiber optic cable plant, you need to test for ...

Fiber optic cable testing instruments evaluate whether fiber optic cables are installed correctly and measure the live optical energy transmitted through them. These handheld instruments also ...
