Choose from our selection of spiral tubing, including spiral sleeving, chemical-resistant spiral sleeving, and more. Same and Next Day Delivery.

Custom manufacturer of spiralwound special shaped tubes/tubing. Types include half round, oval, elliptical, trapezoid, square, rectangular and rounded corner paper tubes.

These tubes are characterized by their helical or spiral-wound construction, which provides flexibility, durability, and resistance to kinking, bending, and abrasion.

The spiral wound technique consists of pairing a series of tapes coated with adhesive and rolling them up in a spiral around a spindle to achieve the tubing. They can be supplied both heat shrinkable and ...

Greif offers a wide range of tubes and cores that are strong and durable, perfect for any industry. Browse our selection online.

We produce the appropriate tube or core exactly for your needs and specifications, with diameters up to 635 mm and wall thicknesses of 1 to over 20 mm. We can precisely cut the tubes to any finished ...
