

This product is an ONU BOSA component with upstream 1310nm/working rate of 1.25Gb/s and downstream 1490nm/working rate of 1.25Gb/s FP laser is used at the sending end, and PIN-TIA ...

The Optical Fiber BOSA Pigtail is a fiber optic connection assembly used in Bi-directional Optical Subassemblies (BOSA). It enables optical signal input and output connections between the laser ...

Uncooled DFB laser with superior high temperature performance. High sensitivity APDTIA package with immunity to WiFi interference. Pigtail type BOSA with a high coupling efficiency TO56 for high optical ...

Products XGSPON and GPON COMBO ONU SC/APC pigtail BOSA Part # : WB3-Q32A-4X4-L43 Category : Laser Chip / TO / BOSA, XGSPON & GPON ONU ...

This product is an ONU BOSA component with upstream ...

High-power DFB laser diode module with 30dB isolator for precision laser welding. Features low threshold current, high stability, and 1310nm/1490nm wavelength options.

Find top welding pigtail suppliers with verified credentials, competitive pricing, and customization options. Click to explore 2026's best deals on high-quality welding pigtails for MIG, TIG, and arc ...

The device consists of a transmitter, a receiver, WDM filter and a single mode fiber pigtail . The transmitter section uses the uncooled 1310nm DFB Laser Chip with a monitor photodiode, the ...

Wavesplitter BOSA WB3-P270-XT4-S31 is designed for high speed, high performance optical communication applications as well as 10G- XGS PON and 5G networking applications.

Main raw materials ... Product structure outline drawing Note: The product BASE adopts the MIM structure, the transmitting end adopts the laser welding process, and the receiving end adopts the ...

Low signal attenuation and immunity to electromagnetic interference define bosa pigtail perfect for long-distance and high-speed transmission. Furthermore, these parts" lightweight and small size allow ...

BeamQ Laser 1.25G 230mm pigtailed type EPON ONU BOSA - Single fiber bi-directional data links with 1310nm FP laser diode as 1.25Gb/s transmitter and InGaAs PIN plus TIA with AGC as ...
