

The Fitel Hot Ribbon Stripper applies controlled heat to fibers/ribbons during stripping to reduce stripping force required and prevent fiber damage. Heats up in 13 sec. Includes Batteries, AC/DC Adapter.

COMWAY CS-06 hot stripping clamp supports 1-36 cores ribbon/bare/bundle/pigtail fiber fast thermal stripping. 4-speed adjustable temp, USB-C rechargeable, ideal for FTTH & fiber splicing.

The FITEL S251A is a powerful thermal fiber stripper for ribbon fibers, rollable ribbons, and single fibers with diameters between 200 and 400 μ m. With a heating time of only 5 seconds, low pulling force, ...

When you need a cordless, light-weight, quick-strip solution, the S218 optical fiber stripper efficiently solves your problems. This hot-stripping tool removes the coating of single fiber ...

Designed to strip the jacket of single fiber and ribbon cable up to 12 fibers, it offers extreme convenience under any tough environment. Benefits include fast heating time of 4 seconds and approximately 500 ...

Optix America's WRXTS6 Thermal Stripper efficiently removes insulation from fiber optic cables. Fast heating, rechargeable & ergonomic design.

The HS-12 from FiberFox is the world's fastest thermal stripper used for stripping cable jackets in the fusion splicing process. FiberFox HS-12 can heat strip a single and multiple (ribbon) fiber cables in 4 ...

This battery-powered, handheld stripper features an integral heating element that enables it to soften and strip optical fiber coating quickly and easily with little to no effort by the user. The Precision Strip ...

The AFL Fujikura S016816 RS02 Thermal Fiber Stripper features Bluetooth[®] capabilities, temperature selection switch for different fibers (1 to 12) and operating conditions, plus 3-second (5-second at Eco ...
