

Eliminate insertion loss on your fiber optic cables with our LC multimode duplex fiber adapters.

With the advent of gigabit networks, multimode fiber (MMF) links are using laser transmitters. These transmitters do not fill the mode-structure of MMF like LEDs. ...

Tripp Lite offers a full line of Fiber Couplers for linking fiber optic cables for duplex or simplex cable assemblies in a face plate or keystone panel, including industrial IP68 couplers for industrial ...

We offer a full line of fiber optic couplers and splitters supporting SM, MM, PM, large core, and double-clad fibers across 300-2000 nm, with power handling up to 100 W and operating temperatures up to ...

These fiber keystone jacks are designed for gigabit and 10G fiber optic network applications. Each fiber keystone jack is designed for use with single-mode or multi-mode fiber cabling. The LC fiber female ...

Newport's Fiber Optic Coupler family has been developed using fused fiber technology. These multimode fiber optic couplers allow bi-directional coupling and can be used to either split or combine ...

Our complete Range of Fiber Optic Couplers, Adapters & Kits gives you everything you need to manage any Fiber Optic Cable Transition

Ethernet Coupler Female to Female, 10Gbps/600MHz, Gold-pated RJ45 Coupler, Shielded Ethernet Connector for Cat7/ Cat6/ Cat5/ Cat5e Network Cable PoE, Silver Grey 2-Pack

With the advent of gigabit networks, multimode fiber (MMF) links are using laser transmitters. These transmitters do not fill the mode-structure of MMF like LEDs. Therefore, traditional FBT (fused biconic ...

Belden offers standalone Fiber Adapter modules for use in a variety of applications. Connector types include LC Duplex, SC Simplex, ST and MPO in multimode and singlemode for up to 12 fibers.

Get low-loss fiber optic adapters/couplers with good repeatability and durability for precisely mating two ends of a fiber optic cable. Multiple connector options available.
