

Main characteristics: Support lighting. Support timed shutdown. Supports the backlight switch. Supports user self-calibration. Supporting memory wavelength. Optical fiber job identification. Support for test ...

Find top-quality guanyan optical power meter for FTTH, FTTX, and fiber network testing. Rechargeable, with 0.01dB resolution and USB output. Click to explore verified suppliers and best ...

This compact optical power meter supports seven test wavelengths and features a high-definition digital display with dual backlight modes. Designed with a pop-up protective cover and built-in LED ...

The Fiber Optical Power Meter is a high-precision instrument designed for accurate measurement of optical power in fiber networks. It supports multiple wavelengths and connector types, making it ...

Shenzhen Guanyan Communication Co., Ltd. has been focusing on the optical communication industry for 11 years, providing high-quality optical fiber equipment such as optical fiber splicers and optical ...

Feature highlights: The GUANGYAN G9 FTTH Fiber ...

Optical power meter G1 Main Features: 1. Measurement of the power of optical sender (dBm and W). 2. Insertion loss test of optical devices. 3. Comfortable LCD display and optional backlight LCD display ...

High-Performance Optical Power Meter: The GUANGYAN G10 OPM Handheld Optical Fiber Multimeters offer high-performance measurements in a compact design, making it an ideal tool for ...

Accurate Measurements: The GUANGYAN G10 OPM Handheld Fiber Tester offers precise measurements within the range of -70 to +6 dBm, ensuring reliable results for FTTH, FTTX, and ...

Feature highlights: The GUANGYAN G9 FTTH Fiber Optic Multimeter is a rechargeable OPM Optical Fiber Tester with a 15km range, supporting multiple functions like auto power off, background light, ...

GUANGYAN main products:Fusion Splicer, Fibre Cleaver, Optical Power Meter, Visual Fault Locator, OPM+VFL, OTDR, Optical Fibre Identifier, Fiber Optic Transceiver, Network Tester, Laser Rangefinder.
