

Industrial-grade 100Mbps 8-channel switch

This space-saving switch transmits data over an Ethernet network. Eight auto-negotiating 10/100 Mbps ports send data only to the devices designated to receive it, which improves the efficiency and ...

Narrow Ethernet switch, eight RJ45 ports with 10/100/1000 Mbps on all ports, automatic data transmission speed detection, autocrossing function, and QoS

TRENDnet's 8-Port Industrial Fast Ethernet DIN-Rail Mini Switch, model TI ...

USR-ISG1008 Unmanaged Industrial Switch has 8 Gigabit copper ports: 10/100/1000 Base-T (X), adaptive RJ45 ports. Compatible with 10/100/1000Mbps rate, with -40°C~85°C operating ...

The SW008F industrial ethernet switch is not just another networking device; it is a critical component for future-ready industrial connectivity. Its robust design, extensive features, and versatility make it a ...

Built with a industrial-grade design and components, the device achieves Level 4 EMC to withstand surge and ESD from power and Ethernet ports. The industrial-grade ICs, together with extra heatsink ...

DES1008 series Industrial Ethernet Switch adopts store-and-forward architecture, fan-less and energy-saving design to provide reliable and stable operation in harsh industrial environments.

Product Overview The WIWAV#174; W1008-8FE-I series up to 8 Ports Ethernet devices through a rugged, energy-efficient, industrial 10/100Mbps Ethernet switch for critical applications in hazardous ...

Find the best 8-port full 100Mbps industrial grade switch for your network needs. Our switches offer reliability and high-speed connectivity for your industrial environment.

Plug-and-play Industrial switch ideal for deployment in industrial and outdoor cabinet surveillance settings.

TRENDnet's 8-Port Industrial Fast Ethernet DIN-Rail Mini Switch, model TI-ELC80, is a reliable and rugged networking solution designed for use in both extreme and demanding environments.

Industrial-grade switch

100Mbps

8-channel
