

# Intelligent Industrial Ethernet Aggregation Switch

By combining multiple physical links into a single logical link, link aggregation significantly improves network bandwidth and fault tolerance, making it a crucial feature for industrial communication systems.

H3C IE4320-EI series industrial switches adhere to industrial grade hardware design and adopts highly reliable industrial grade components, while using the highly developed and tested Comware platform ...

The EX3024F Intelligent Ethernet Fiber Aggregation Switch offers zero-touch deployments, policy-based automation, auto device profiling and segmentation, and a non-blocking line-rate architecture with ...

Presteria devices are optimized for a variety of access, aggregation and embedded applications used in campus, branch, lean branch, SMB and industrial environments. Presteria switches share a common ...

NEU302444CGM is designed for industrial convergence where multiple cabinets, lines, or zones need to be aggregated into a manageable backbone. The 24 Gigabit copper ports connect edge devices and ...

With high-speed 10-GE uplinks, high-wattage PoE options, ultra-low jitter, advanced network security features, and device-to-cloud performance monitoring with the Cisco ThousandEyes agent, these ...

WAGO's range of switches ensures the scalability of your ETHERNET network infrastructure, while providing outstanding electrical and mechanical characteristics. Unmanaged and managed switches ...

A reliable industrial switch is more than just a networking component--it's the backbone of uninterrupted operations in modern industrial environments. Dasscom's portfolio of industrial Ethernet switches ...

High-performance aggregation switches designed for industrial and FTTH networks. Support Layer 2/3 management, Gigabit and 10G uplinks, redundant power, VLAN, QoS, and PoE options. Ideal for ...

Industrial Ethernet Switches from AutomationDirect. Your source for industrial unmanaged and managed switches and ethernet accessories.

High-performance aggregation switches designed for industrial and FTTH networks. Support Layer 2/3 management, Gigabit and 10G uplinks, redundant power, ...
