

# Intelligent Power Control and Distribution Cabinet

The PX Intelligent Rack PDU series provides reliable power distribution for IT equipment cabinets. It offers metering at the inlet, outlet, and PDU circuit breaker level.

Power conditioning and distribution cabinet that offers the benefits of a custom-tailored system while offering the convenience and cost savings of a pre-packaged, factory-tested solution.

RackPower Intelligent Power Distribution Units address controlling power on Cabinets as well as Open Frame Racks and Wall-Mount enclosures. Design your power solution using a variety of ...

However, unlike traditional Power Distribution Units (PDUs), an iPDU goes beyond basic power delivery by incorporating intelligent features and network connectivity, allowing for real-time monitoring, ...

IPDM provides reliable power distribution control and management for IT loads and, based on customer requirements, provides flexible power distribution through online hot-swappable switches.

The DTU Intelligent Electrical Control Cabinet is an automated control device designed for power distribution systems. It integrates data acquisition, remote monitoring, fault protection, and ...

Legrand's Raritan® and Server Technology® brands are the global leaders in intelligent rack power distribution units (rack PDUs). From high-tech startups to hyperscale critical facilities, they are ...

Managing and installing a rack power distribution unit (PDU) has never been easier than with the EL2P PDU. Designed to simplify deployment and take stress out of power distribution, this intelligent PDU ...

This cabinet integrates components such as circuit breakers, transformers, and monitoring devices to safely and reliably manage power distribution across different loads.

Explore how precision power distribution cabinets with intelligent monitoring transform data center power management--from rack-level control to power quality analysis and zero ground ...
