

- The transmitter adopts miniature low-power TEC refrigeration and constant temperature control, with a temperature control accuracy of 0.1°C and stable performance. - 1450/1470/1490/1510/1590/1610nm ...

We are professional Fiber Optical, Data transmission, FTTH, STB etc. Products manufactory, which established in 1958, we have 60 years of experience in developing and manufacturing at this field.

- The transmitter adopts miniature low-power TEC refrigeration and constant ...

A 4-way TS optical transmitter can long distance transfer 4-way MTS (multi programs transfer stream) from 4 difference multiplexer output in same optical fiber, then At optical receiving terminal, A TS ...

JZ4103 - Sichuan Jiuzhou Electronic Technology Co.,Ltd JZ4103 is a new generation intelligent instrument,that integrates the functions of optical phone, stabilized light source and optical power ...

1550nm Optical Transmitter, Find Details and Price about Transmitters Optical Materials from 1550nm Optical Transmitter - Sichuan Jiuzhou Electronic Technology Co., Ltd.

Features Supports 12 functional modules. Hot-plug & auto recognition. LCD displays key parameters of functional modules. Supports remote control with JIUZHOU HFC Net-Managing Software via RJ45. ...

1310nm Optical Transmitter GFS1310F-B+ / GFS1310F-BN+ is designed for use in HFC network. It functions to convert RF signal into 1310nm optical signal in order to enhance performance and ...

About Jiuzhou OE - Engaged in the R& D, production and sales of optical communication components. - The 2nd largest manufacturer of fiber-optical components.

It supports "star" or "tree" type optical link transmitting system. And use for TS long distance optical fiber transmitting basic on DVB-ASI port. Feature: Adopts 19" standard frame Transfer 4 independent TS ...
