

Engineered for precision, this adapter ensures the accurate alignment of transmitting and receiving optical fibers, promoting the optimal coupling of optical energy between them.

A high performance (Mfr. Japan) LC Duplex fiber optic adapter featuring Zirconia ceramic alignment sleeves for precision mating for Single-mode applications. This Standard Footprint adapter with Full ...

Fibertronics offers a variety of LC fiber optic adapters. These are also known as LC fiber optic mating sleeves and are available in both single mode and multimode variants with either a zirconia sleeve or ...

With high-precision components and tool-less design, the adapters allow two devices to communicate from a distance through a direct connection with the fiber optic line.

The FiberXP SM Adapter LC-LC Simplex is a single mode adapter for LC-to-LC connections. Made with industry-standard ceramic sleeves.

LC fiber optic coupler with flange type designed for linking two cables by LC connector, the adapter colored red and green for singlemode, grey for multimode cable according to the connector polish type.

Normally used to connect two fiber optic cables with standard LC (male) connectors.

LC Female to LC Female Single Mode Duplex Adapter: This type of singlemode fiber adapter delivers two-way data transfer connections backed by the small footprint of LC fiber latches.

CommScope fiber adapters and connectors--including LC to SC adapters--are designed for excellent optical and mechanical performance--including simplex, duplex, and ganged options for singlemode ...

With high-precision components and tool-less design, the adapters allow two ...

Premium LC-LC Fiber Optic Coupler: Engineered for flawless single-mode fiber connections, this duplex adapter features precision zirconia sleeves for ultra-low 0.2dB insertion loss.
