

Coherent Corp. is a global leader in materials, networking, and lasers for the industrial, communications, electronics, and instrumentation markets. The company is headquartered in Saxonburg, ...

We provide circulators and isolators spanning the frequency range of 50 MHz to 20.0 GHz in varying bandwidths, tailored to cover all standard and popular bands commonly used throughout the market ...

Optical circulators send light in only one direction through a series of ports. Light entering Port 1 must go to Port 2, and any light that enters from Port 2 must go to Port 3, and so on.

Find Optical Circulators Manufacturers and Suppliers in the USA and Canada on Thomasnet

Our Single Mode (SM) and Polarization-Maintaining (PM) Circulators are ideal for advanced communication systems and fiber sensor applications. Our single mode circulators also include a ...

A manufacturer's sales representative organization specializing in RF and Microwave components, subsystems, test instrumentation and Optical devices representing clients in Northern California and ...

Looking for high-quality optical circulators? GKER Photonics Co., Ltd. offers a range of reliable solutions for your optical networking needs

We offer a comprehensive selection of fiber optic isolators and circulators, perfected over 25 years of volume production to cover most application scenarios.

Fiber Optic Circulator is a passive optical device that allows light to circulate through a fiber optic cable in a specific direction. Fiber Optic Circulators from the leading manufacturers are listed below. Use ...

Trusted manufacturer of fiber optic circulators for telecom. Global B2B supplier offering bulk orders with premium build quality & support.
