

A complete range of Vertical Deflecting Conduit, Square Profile Conduit, Fiber Optic Cables and System Accessories may be easily combined to create a cost-effective, robust last mile fiber optic solution.

Vertical Cable is your one-stop shop for bulk cable, fiber optic solutions, patch panels, j-hooks, and structured wiring products.

Fiber Raceway is an ideal solution in data centers, head ends, telecom rooms, and wiring closets - virtually any application that requires fiber cable protection or segregation. Raceway components are ...

We offer the largest selection of vertical cable management options in the industry. From down spouts and down elbows to vertical ducts and tubes, FiberGuide provides a vast number of ways in which ...

Optical indoor cable, bending insensitive or tight buffered fibers, large fibre count, LSZH and other properties used for such Vertical Wiring Buildings.

From indoor/outdoor tight buffer bulk cable to rack-mount enclosures, surface-mount boxes, DIN-rail solutions, and connectivity essentials, everything you need to build reliable fiber deployments, start ...

Our links are ideal for negotiating horizontal and vertical runs in tight areas. They articulate front to back and side to side, bending to 22.5 degrees, allowing a right-angle turn with only four links.

Hook clamps are designed to provide a suspension for 10 to 20mm aerial ADSS cables at intermediate poles on cable routes with angle ≤ 20 on access networks (spans up to 100m).

The 90 Degree Vertical Inside Bend fitting is engineered for use in fiber optic raceway and duct systems. It allows installers to route cables vertically at a right angle while maintaining the proper bend radius, ...

Streamline your cable management with our vertical cable manager kit. Securely route cables from vertical tee to rack equipment, includes hinged duct, brackets, and all necessary hardware.
