

# Optical-to-electrical converter module gigabit hundred megabit

Discover GAOTek's Ethernet Optical-Electrical Signal Converter with versatile power options, multi-mode/single-mode fiber support, and robust performance for seamless data transmission over ...

Teledyne LeCroy's OE695G wide-band optical-to-electrical converter is ideal for measuring optical datacom and telecom signals with data rates from 622 Mb/s to 12.5+ Gb/s.

Converter for optical and electrical interfaces to be installed in two sockets dedicated to SFP modules. A wide range of interfaces (optical, electrical) provided by the manufacturer, as well as SFP ...

The N7004A is the first fully-integrated optical-to-electrical converter solution for Infiniium real-time oscilloscopes. A full suite of optical measurement software is built into the Infiniium baseline software ...

A: As a leading zinc alloy die-casting manufacturer in China, Yixiang delivers superior SFP/XFP/QSFP+ module housings with outstanding EMI shielding and thermal stability.

Purpose-built module for Photonic Doppler Velocimetry (PDV). A circulator, two VOAs and a passive coupler all built into one compact module. Highly customizable DFB or FP laser sources available in ...

Cisco Transceiver Modules - Learn product details such as features and benefits, as well as hardware and software specifications.

The N7005A 60 GHz optical-to-electrical converter directly converts optical signals into electrical signals for convenient analysis on a compatible Infiniium real-time ...

Product Summary: Optical to electrical port module photoelectric conversion RJ45 optical fiber module 1.25G optical port to gigabit electrical port optical module compatible with H3C h3c ( Color : 10 ...

The N7005A from Keysight Technologies is an Optical to Electrical Converter that operates from 1250 to 1600 nm. It features a high-sensitivity DC-coupled photodetector module which is designed for direct ...

The OP710-ANX incorporates individual channels of optical to electrical (O/E) converters and is an easy-to-implement multichannel O/E converter for applications such as detecting and monitoring optical ...

The Keysight N7005A Optical-to-Electrical Converter is a high-sensitivity photodetector module designed for direct optical-to-electrical conversion of optical signals into Infiniium UXR realtime ...
