

The MP5491 integrates four high-accuracy current sources for laser diodes (LDs), which makes this device well-suited for the transmitter optical subassembly ...

Any user of this site is welcome to upload data sheets for products they use and recommend. One of the ways we help our community of laser scientists and engineers find the best products for their projects ...

Laser Diodes from the leading manufacturers are listed below. Use the filters to narrow down on products based on your requirement. Download datasheets and request quotes for products that you ...

We have compiled a list of Laser Diodes from the QPhotonics website/catalog and made their products searchable by specification. Use the filters to narrow down on products based on your requirements.

This unique QSFP Data Diode SFP Module offers uni-directional 100 Gig Speeds using 100GBASE-LR4 with 4 independent 25Gbps channels for cyber security, with single mode optics. The device ...

Our compatible HG Genuine MQD-77F2C module is CE/RoHS certified, it meets product safety standards, and is compliant with QSFP-DD Multi Source Agreement (MSA) QSFP-DD MSA industry ...

The 400G QSFP-DD ZR+ Pro Transceiver is a high performance, high output power, cost effective module for optical data communication applications from 100G to 400G.

400G QSFP-DD SR4 The MQD-F2F2C is a cost-effective module with high performance, which is optimized for Datacenter, supporting data-rate of 4 × 53.125 GBd PAM4 Optical interface and 8 × ...

The MP5491 integrates four high-accuracy current sources for laser diodes (LDs), which makes this device well-suited for the transmitter optical subassembly (TOSA) of quad, small form-factor ...

"I have been using laser diodes from QPhotonics for several years in time-resolved luminescence experiments. These laser diodes are rugged and reliable, which allows me to use them in state-of ...

High quality laser diode manufacturers including brands like Osram, Ushio, QSI and Ondax. Click to discover more.
