

The Blackmagic Mini Converter Optical Fiber 12G converts SDI to optical fiber and optical fiber to SDI in both directions at the same time! You can even have different video standards going in each direction!

12G optical fiber module that works in SD, HD and Ultra HD for adding optical fiber to your Mini Converter Optical Fiber 12G.

The Mini Converter Optical Fiber 12G-SDI from Blackmagic Design offers ...

FiDO is AJA's family of SDI/Optical Fiber converters. FiDO allows the transport of 12G/3G/HD/SD-SDI over distances up to 10km when using standard Single-Mode fiber optic cable. FiDO models support ...

The S-4605 convert SDI to Optical fiber at encoder end, and you can use SWIT S-4606 to convert Optical fiber back to SDI at the decoder end. The reliable transmission distance is up to 20km.

You can install any standard 3G, 6G or 12G-SDI SFP optical fiber module so you can send SDI using the same low cost optical fiber cables that are commonly used for computer networks.

This compact converter extends SDI connections over massive distances by converting SDI to optical fiber and optical fiber to SDI in both directions at the same time.

This compact converter extends SDI connections over massive distances by ...

AVMATRIX FE1121 3G/HD SDI Fiber Optical Extender with SFP Module (LC Port), Supports 3Gbit Level A & Level B (All formats), Single-Mode Fiber Uncompressed No Losses No Latency 20Km

The Blackmagic Mini Converter Optical Fiber 12G converts SDI to optical fiber and optical fiber to SDI in both directions at the same time! You can even have ...

This module enables the transmission of two digital video signals via fiber optic links. It features automatic detection of input signals, supports dual conversions on one board, and includes input ...

Mini Converter Optical Fiber 12G converts SDI to optical fiber and optical fiber to SDI in both directions at the same time, so it's like getting two converters in one. You can even have different video ...

The Mini Converter Optical Fiber 12G-SDI from Blackmagic Design offers bidirectional, multi-rate SDI to optical fiber conversion capabilities with complete independence in each direction and support for up ...
