

The OSF splitters split an optical input signal into 2, 3, 4, or 8 outputs. Each connection is equipped with an SC/APC socket. The incoming and outgoing optical cables can be connected directly to the ...

Divides single optical input into multiple optical output. Passive and stand-alone products. Can be loaded into platform for Canare plug-in unit. Easy to use - Just plug in SC-type connectors. Low ...

It's mainly used in conjunction with rack panel splitter box and jump-free optical cross connection cabinet. SC/LC/FC connectors are available, other connectors can be customerized.

An optical splitter is an essential component used in an FTTH GPON where a single optical input is split into multiple outputs. This enables the deployment of a Point to Multi Point (P2MP) physical fiber ...

The Europe Optical Splitter market report encompasses an analysis of current market trends, future projections, and segmentation by product type, application, and region.

Home Passive Telecom Optics Optical Splitters and Couplers Multimode PLC Splitters

WEINERT Industries offers everything related to topic Optical splitters. Benefit from our know-how of German engineering expertise. Learn more now!

Based on our extensive knowledge on passive optical components combined with the decades of experience of working closely with customers, the splitter and coupler product line up is the most ...

Amphenol Network Solutions offers a complete line of discrete Optical Splitter Components for a wide range of uses in various optical network designs. The product family includes splitters from 2 to 64 ...

High-performance FOSS passive optical splitters (PLC & FBT) for PON networks. Ratios from 1:2 to 1:64, low insertion loss, rugged -40 °C to +85 °C, and seamless panel integration.
