

Optical splitter 8 outputs, 1310 or 1550 nm for single mode fibre optic, SC/APC connectors.

Los divisores ópticos conectorizados 1x8 SC/UPC se utilizan para dividir la señal óptica en ocho salidas ópticas SC/UPC en una red de distribución PON.

The Unifiber (TM) optical splitters are offered in a cassette housing and fitted with SC/APC connectors. Cost effective and highly reliable, the Unifiber optical splitters are ideal for indoor FTTx/PON/CATV ...

We developed the computer vision algorithm based on neural networks for the optical separator, enabling the automatic classification and identification of relevant waste for sorting plants. We also ...

Optical Sorters are one of the equipment commercialized by SPR Group for the separation of materials according to their color, type of material and / or chemical composition.

Professional Products Optical Solutions Transmission Equipment Optical Splitter OS1X8 Series BackOptical Splitter

The Unifiber (TM) optical splitters are offered in a cassette housing and fitted with ...

Los Separadores ópticos son uno de los equipos comercializados por Grupo SPR para la separación de materiales según su color, tipo de material y/o composición química. Un sistema de clasificación ...

Download the PLC splitter 1x8 PDF here for Full Specifications: Optosun technology high performance PLC Splitters.

El separador óptico ECOPACK permite clasificar y separar automáticamente varias tipologías de materiales, por composición (NIR), color (VIS) y/o forma (deep learning).

El divisor PLC (circuito de onda de luz plana) de fibra óptica Fiberall es un dispositivo de tipo de gestión de energía óptica que se fabrica con tecnología de guía de ondas ópticas de silicio para distribuir ...
