

Mouser offers inventory, pricing, & datasheets for Transimpedance Amplifiers Transimpedance Amplifiers.

The JTIA1 is a general purpose transimpedance amplifier board for photodiode measurements. The input-side can either be directly equipped with TO5 or TO18 photodiodes via multi-header or via pin ...

OPA381AIDGKR - Transimpedance Amplifier 1 Circuit 8-VSSOP from Texas Instruments. View datasheets, pricing and availability from DigiKey now!

Select from TI's Transimpedance amplifiers family of devices. Transimpedance amplifiers parameters, data sheets, and design resources.

Transimpedance amplifiers are available at Mouser Electronics from industry leading manufacturers. Mouser is an authorized distributor for transimpedance amplifier manufacturers including Analog ...

Our high-bandwidth transimpedance amplifier (TIA) portfolio includes devices with variable gain settings, fast recovery time, internal input protection and fully differential outputs that are optimized for a wide ...

1-VIA's transimpedance amplifier (TIA) portfolio empowers the next-generation of high-speed optical pluggable modules for DR, FR, and LR inter data center connectivity for hyperscale, cloud, and ...

Shop DigiKey's large in-stock selection of Instrumentation, Op Amps, Buffer Amps. View inventory, pricing and order now for same day shipping!

Analog Devices' optical and logarithmic transimpedance amplifiers (TIAs) offer high performance, single-chip solutions for precise photodiode current-to-voltage conversion.
